## Ida Arvizu

Everyone associated with the OPRF IWS Children's Clinic was shocked and deeply saddened to learn of the loss of a valued staff member, Ida Arvizu, who possessed a beautiful spirit, fun personality and a giving nature.

Ida had worked as a dental assistant at the Clinic for more than seven years. Every person who had met Ida, from staff and volunteers to patients and their families, is grieving the loss of a young woman who had done so much but had so much more to give.

As a key member of the dental team, Ida helped deliver care and treatments to hundreds of deserving children who had nowhere else to go. She treated every child and every family with love, respect and commitment.

The entire OPRF IWS Children's Clinic offers our condolences, prayers and whatever support we can to the family and friends of Ida.
